

Function introduction

Telecomando dimmer RF monocolor per illuminazione LED SUNRICHER - Perfect RF

Ref. SR-2833TS

Telecomando dimmer Perfect RF SUNRICHER, per illuminazione LED monocromatica. Questo telecomando è adatto alla dimmerazione di strisce LED. Controlla 1 zona con un campo di regolazione da 0,1% a 100%. Il controller RF ha un controllo tattile ultra sensibile, una dimmerazione omogenea senza sfarfallio e una distanza di controllo di oltre 20 metri.

Pair with RF receiver

Step 1:
Do wiring the RF receiver according to wiring diagram (please refer to the instruction of RF receiver that you would like to pair with).

Step 2:
Click the "Learning key" button on RF receiver or re-power on the receiver three times continuously to set it into pairing status.

Step 3:
Touch the slider; LED lights connected with the RF receiver flicker once means the receiver is paired with the remote successfully.

Nota: One receiver can be paired with max 8 remote controls.
